This instruction implements AFI 24-101, *Passenger Movement*, and AFD 24-1, *Personnel Movement*. It provides a single source of guidance for United States Air Force Recruiting Service (USAFRS) personnel who are tasked with the responsibility of providing military personnel, formal military personnel, and applicants with transportation at government expense. It provides for the appointment of transportation officers (TO) and transportation agents (TA) in USAFRS and outlines their responsibilities regarding the procurement, preparation, issuance, and control of SF 1169, **U.S. Government Transportation Request (GTR)**. This instruction does not apply to US Air Force Reserve or Air National Guard units or members. See **Attachment 1** for a glossary of references, abbreviations, and acronyms used in this publication.

NOTE: Symbols of Headquarters Air Education and Training Command (HQ AETC) staff offices of primary responsibility (OPR) for paragraphs not pertaining to or involving transportation matters appear in parentheses after the numbers of each paragraph, and the indicated OPRs are responsible for input and accuracy.

SUMMARY OF REVISIONS

This revision incorporates interim change (IC) 2001-1, which changes the disposition instructions for transportation records (paragraph **6.6.3.**); deletes USMEPCOM Form 704, which has been rescinded (paragraphs **7.2.** and **7.2.2., NOTE**); and updates references. See the last attachment of this publication (IC 2001-1) for the complete IC. A (|) indicates revision from the previous edition.

CHAPTER 1

TRANSPORTATION OFFICERS AND AGENTS

1.1. Appointment and Responsibilities of Transportation Officers (TO):

1.1.1. Each squadron commander appoints the support flight commander as the TO. A copy of the appointment memorandum is maintained in the transportation file. Upon reassignment, each TO clears the transportation file as part of his or her final squadron outprocessing.

1.1.2. TOs are responsible for:

1.1.2.1. Performing as official liaison between passengers and commercial passenger carriers serving the activity.

1.1.2.2. Maintaining control over, safeguarding, accounting for, and properly issuing SF 1169, **US Government Transportation Request (GTR)**, and carriers' tokens and tickets.

1.1.2.3. Obtaining service and furnishing travel information for persons traveling on official business.

1.1.2.4. Preparing and submitting reports required by higher authority.

1.1.2.5. Ensuring proper use and disposition of GTRs, carriers' tokens and tickets, and related documents by transportation agents (TA).

1.1.3. Squadron commanders replace the TO before the TO transfers. The departing TO prepares, in triplicate, AF Form 213, **Receipt for Accountable Form**, transferring accountability of all blank GTRs on hand in the squadron to the new TO. The departing TO distributes AF Form 213 as follows:

1.1.3.1. Forwards the original to the publications distribution office (PDO) that supplies the GTRs.

1.1.3.2. Retains the duplicate.

1.1.3.3. Gives the triplicate to the new TO for retention.

1.2. Appointment of Transportation Agents (TA):

1.2.1. The squadron TO appoints recruiters, flight supervisors, and squadron support personnel who have a requirement to issue GTRs or commercial carrier tickets and tokens as TAs. Copies of appointment memorandums are maintained at the squadron headquarters. TAs may sign and issue GTRs and related documents as agents of the TO. Reaccomplish the memorandum in its entirety, as necessary, to maintain accountability of agents.

1.2.2. TAs are limited to the authority in the appointment memorandum. Appoint TAs for the TO by name; for example, "TSgt Frank Jones (230-26-8533) is appointed transportation agent for Capt John J. Smith (245-30-6609), Transportation Officer, 349 RSC, 369 RCG, for the purpose of signing and issuing bulk purchase tickets, GTRs, and related documents."

1.2.2.1. By special reference in the appointment memorandum, delegate liaison noncommissioned officer (LNCO) the authority to audit and sign USMEPCOM Form 926 (or 926E) **Invoice and Certificate of Performance for Meals and Lodgings**.

1.2.2.2. Also by special reference, designate logistic NCOs' authority to receipt for accountable forms from the organizational customer account representative (CAR) in the name and account of the TO.

1.2.3. TOs must ensure TAs are trained according to **Chapter 8** of this publication.

1.2.4. Upon reassignment of a TA, the TO ensures the TA returns all unused accountable transportation documents for control and redistribution.

1.3. Signature on GTRs. All GTRs are issued in the name of the TO. Place "TA for TO" after the signature of the TA.

1.4. Cargo Movement. TOs or TAs do not arrange for the movement of military cargo or household goods with commercial carriers. Ask the support base traffic management office (TMO) to provide this service.

1.5. (RSS) Staff Assistance Visits (SAV):

1.5.1. The group logistics staff makes SAVs to squadrons as requested or when necessary to ensure compliance with this instruction.

1.5.2. The squadron logistics staff makes annual SAVs in the traffic management area to each recruiting office and military entrance processing station (MEPS) having GTRs or bulk purchase tickets.

1.5.3. The group or squadron staff documents SAVs.

CHAPTER 2

ENTITLEMENT TO TRANSPORTATION

2.1. Entitlements. The Joint Federal Travel Regulation (JFTR), Volume 1, establishes the criteria for travel and per diem entitlements. Normally, applicants are entitled to transportation between their residence and the mobile examination testing (MET) site or MEPS. Issue GTRs according to [Table 2.1.](#) and [Table 2.2.](#)

2.2. Applicants Rejected or Ordered Home to Await Further Orders. Applicants rejected or ordered home to await further orders are entitled to transportation and meals. Normally, this is arranged by the MEPS LNCO, but when MEPS personnel provide this service for the Air Force as a matter of convenience or courtesy, do not change local policy. The MEPS LNCO sends a copy of GTR bulk purchase logs to the squadron TO when service is provided by MEPS. Rejected applicants also include those who were mentally, physically, and morally qualified but, through no fault of their own, did not complete enlistment because of the Air Force's inability to process them into a required Air Force specialty code (AFSC).

2.3. Travel to First Duty Station Upon Enlistment. The MEPS TO is responsible for furnishing transportation and meals to enlistees for travel to their first duty station. Route enlistees from the MEPS to the Lackland Training Center (LTC), Lackland AFB TX, in accordance with the passenger standing route orders (PSRO) issued by the Military Traffic Management Command (MTMC). The PSROs are established from applications received from the MEPS. The primary factor is the time the passenger is available to travel. The PSROs issued by MTMC designate the origin, destination, mode of transportation, carriers, schedules to be used, and any special instructions.

2.4. (RSS and RSSF) Fund Citations. The support flight commander provides the LNCO and TAs the necessary fund citations at the beginning of each fiscal year. The support flight commander ensures sufficient funds are available prior to authorizing purchase of transportation documents citing operations and maintenance (O&M) funds. The LNCO informs the MEPS TO of the new fund citations and ensures the fund citations are properly cited on GTRs.

2.5. (RSSF) Reimbursement to Applicants:

2.5.1. If GTRs are not available for travel authorized in [Table 2.1.](#) and the applicant uses personal funds to complete the travel, TOs or TAs assist the applicant in filing a reimbursement claim upon travel completion for the following items:

2.5.1.1. Travel and transportation allowances for a permanent change of station (PCS) according to JFTR, Volume 1, Chapter 5, part B, and Chapter 7, part B.

2.5.1.2. Necessary items of expense authorized under JFTR, Volume 1, paragraph U4530, relating to entry fees, boarding taxes, or similar fees.

2.5.2. TOs or TAs prepare a certificate to substantiate the applicant's claim for reimbursement. The certificate will include the following:

Table 2.1. Applicant Travel.

		then issue ticket or GTR for travel to the nearest MEPS		and use applicant travel funds
	If applicant is	one way	round trip	
1	nonprior service (NPS) enlistment	yes (see note 1)	yes (see note 2)	yes
2	NPS and Officer Training School (OTS) Delayed Enlistment Program (DEP) (see note 3)	yes	no	yes
3	prior service (PS)	yes	yes (see note 2)	no (see note 4)
4	OTS	yes	yes (see note 2)	yes
5	medical service officer (see note 2)	no	yes	yes
6	other (see note 5)	no	no	no

NOTES:

1. Applicants for immediate enlistment are normally entitled to only one GTR or ticket to the MEPS. However, there are situations where a second GTR or ticket may have to be issued; for example, applicants who qualify after previous rejection for remedial medical defects or applicants accepted but not sworn in because of shipping limitations.
2. Furnish round-trip transportation when it is known in advance that the individual will not enlist in DEP and will make a return trip. Provide such transportation to applicants sent to MET sites. The responsible recruiting squadron commander decides how to process certain OTS candidates (technical and engineer fields only) and Air Force medical service officer applicants (that is, Medical Corps [MC], Dental Corps [DC], Nurse [NC], Biomedical Science Corps [BSC], and Medical Service Corps [MSC] applicants). If transportation is not available or is unacceptable, authorize the allowances prescribed in JFTR, Volume 1, paragraphs U4145 and U7025-B. Approval for payment of authorized travel and transportation allowances is certified by the responsible squadron commander on DD Form 1351, **Travel Voucher**, item IV, or DD Form 1351-2, item 27.
3. Issue applicants for the DEP only one-way transportation to the MEPS. If found qualified at the MEPS, they are entitled and issued extended active duty orders authorizing transportation home and back to the MEPS for entrance on extended active duty. The MEPS LNCO is normally responsible for arranging GTRs and tickets required for round-trip travel of DEP enlistees; but when MEPS personnel provide this service for the Air Force as a matter of convenience or courtesy, do not change local policy. These personnel are not applicants after enlistment in the Air Force Reserve; they are reservists traveling on orders that indicate the fund citation for use on GTRs.

4. Use the Air Force open-allotment fund cite.
 5. Personnel in some functions (for example, chaplain, legal) and units (for example, Air Force Reserve Officers Training Corps [AFROTC] and US Air Force Academy [USAFA]) are needed by the Air Force, but are not recruited by Recruiting Service. Refer to AETCI 36-2002, *Recruiting Procedures for the Air Force*, for information on applicants in these categories.
- 2.5.2.1. Applicant's name and address.
 - 2.5.2.2. Dates applicant was required to travel.
 - 2.5.2.3. Express purpose of travel.
 - 2.5.2.4. Complete explanation of why transportation documents (GTRs, bus tickets, etc.) were not available for issue to the applicant.
 - 2.5.2.5. Squadron commander's signature.
- 2.5.3. TOs or TAs prepare the claim on DD Form 1351-2, **Travel Voucher or Subvoucher**, and submit it to the host base's financial service officer (FSO), travel pay section (FMFT), for applicant travel reimbursement. Prepare the voucher in the same manner as for a member on active duty (include complete itinerary) except as follows:
- 2.5.3.1. In the travel orders section, enter "AF applicant, see commander's certificate attached."
 - 2.5.3.2. In the grade/rank section, enter "JFTR, Volume 1, paragraph U7025," for enlistment and flight training applicants. Otherwise, leave blank.
 - 2.5.3.3. The accounting classification is the fund citation for applicant travel as provided by the support flight commander.
- 2.5.4. Make every effort to provide applicants with transportation documents to avoid reimbursement claims.
- 2.5.5. Reimbursement of Air Force applicants at San Juan, Puerto Rico, is in accordance with the host-tenant support agreement with Patrick AFB FL.

NOTES:

1. Do not furnish DEP enlistees tickets purchased with applicant travel funds. Make a separate bulk purchase for DEP enlistees according to [Chapter 5](#). Use Air Force PCS fund citation, and maintain a separate AETC Form 1336, **Record of Bulk Ticket Purchase**.
2. The MEPS LNCO is responsible for issuing GTRs required for round-trip travel of DEP enlistees. However, if MEPS personnel provide this service for the Air Force as a matter of convenience or courtesy, make no change in local policy (see [Table 2.1](#), rule 2 and note 3). When the average DEP enlistment time exceeds 90 days, one-way tickets should be used instead of round-trip tickets.
3. Furnish round-trip transportation only when it is known in advance that military air transportation is not available for the return trip.
4. Furnish transportation to other military personnel and DoD civilians traveling on orders only as a last resort. The exceptions to this rule are military personnel placed on temporary disability retired list (TDRL) requiring transportation to an Air Force medical center. By special orders, advise these personnel they may obtain a GTR and transportation from a recruiting office. In all other cases, refer personnel to the nearest military installation for assistance.
5. If the person cannot get to the nearest military installation, follow procedures in [Chapter 3](#) and paragraph [4.8](#).

6. If the person is an applicant or cannot get to the nearest military installation, follow procedures in paragraph [4.10.](#) or [5.9.](#), as applicable.
7. Refer these travelers to the nearest military installation for assistance.

CHAPTER 3

ROUTING AND ACCOMMODATIONS

3.1. Authority to Provide Routing. See [Table 3.1](#).

3.2. Selecting Mode of Transportation. Select the mode of transportation based on service and economy. For short daytime trips, applicants will use bus or rail coach when available and adequate. Transport applicants by air only when other service is not available or the service available from other carriers requires excessive travel time or departs or arrives at an unreasonable hour (between 2400 and 0600).

3.3. Class of Service and Accommodations. See [Table 3.2](#).

3.4. Charter Service. All requirements for chartered service will be requested through the host base TMO.

4	cost-charge travelers (see note 3)	night	(see note 4)	(see note 2)	least costly. (see note 6)

NOTES:

1. Applicants, rejected applicants, registrants, rejected registrants, members discharged because of fraudulent enlistments, applicants for flight training, members discharged under other than honorable conditions, and discharged and (or) paroled prisoners are entitled to day travel accommodations as follows: the lowest cost rail accommodations available, bus transportation, or air coach class, whichever is more advantageous because of service and (or) economy and sound traffic judgment.
2. When overnight travel is involved, the lowest rate first-class rail accommodations will be used in the following order: slumber coach, roomette, bedroom. If the journey involves overnight travel of only one night, no sleeping accommodations are available, and official requirements preclude rescheduling of travel, the TO or TA may furnish coach service if a reclining seat is available and the total travel time (including supplemental transportation) does not exceed 24 hours. If a slumber coach or roomette is not available and a confirmed higher rate accommodation must be furnished, make the following entry on the reverse side of the GTR: "Roomette not available, lowest rate enclosed accommodations available furnished." When confirmed reservations cannot be made at the time the GTR is issued for roomette accommodations, make the following entries on the reverse side of the GTR: "Roomette accommodations will be used if available. If not, the lowest rate first-class accommodation will be used. (Type of accommodation) was the lowest rate accommodation available from (origin) to (destination) at the time the reservations were confirmed." Tell the traveler to fill in the blanks prior to exchanging the GTR for tickets.
3. Since cost-charge transportation is usually deducted from the member's travel or pay account, use the least expensive means of transportation the traveler will accept that enables him or her to arrive at the duty station on time.
4. Commercial bus travel may be furnished for travel that normally can be completed between 0600 and 2400.
5. Rail accommodations for day travel will be the least costly service that meets the traveler's mission requirements. It is usually not necessary to reserve coach seat accommodations for trips of less than 4 hours, but the TO or TA should consider making advance reservations to ensure the

passenger is provided a seat when traveling over heavily traveled routes. Parlor car accommodations (a higher class than coach) on conventional trains may be used for trips of more than 4 hours. Use of Amtrak Metroliner is limited to coach class service; reserved parlor car Metroclub accommodations may be used only when coach class service is unavailable to meet mission requirements.

6. First class air service is not authorized unless:
 - a. The orders show approval of the Under Secretary of the Air Force. Approval authority may not be redelegated. In this case, annotate the Carrier and Class of Service block “first class” and the Special Accommodations and Requirements block “First class service authorized by SO number _____ dated _____ issued by (the unit publishing the order).”
 - b. The two points are served only by first class accommodations. In this case, annotate the Carrier and Class of Service block “first class” and the Special Accommodations and Requirement Block “First class issued. Only first class available between authorized origin and destination points.” (This does not apply to routes where both first and coach class service is offered, but coach class is sold out.). NOTE: If additional space is required for the statements in a or b above, continue on reverse of the GTR in the Services Required (Continued) block.

CHAPTER 4

USE OF SF 1169, U.S. GOVERNMENT TRANSPORTATION REQUEST (GTR)

4.1. General. GTRs are issued only by properly appointed TOs and TAs to individuals authorized transportation under [Table 2.1.](#) and [Table 2.2.](#) An SF 1169 (GTR) is the only form used to request transportation from commercial carriers except when bulk purchasing tickets (see [Chapter 5](#)).

4.2. TO Responsibility. The TO in whose name the GTR is issued is accountable for any excess or unauthorized transportation charges resulting from the TO's or TA's failure to follow the procedures in this instruction. Entries on GTRs must be correct in every detail to prevent any doubt as to what service is authorized and what appropriation is being charged. Ensure GTR audit training is conducted during flight training and squadron management meetings. Document this training on AF Form 623a, **On-The-Job Training Record - Continuation Sheet**.

4.3. Method of Preparation. Make entries by typewriter, pen, or indelible pencil. Do not use an ordinary lead pencil. Avoid alterations and erasures; but, when necessary, validate the change by having the issuing TO or TA initial next to the alteration. A traveler or carrier's agent is forbidden to make changes. The traveler or carrier may make annotations on the reverse of the GTR.

4.4. Group Travel. Treat several applicants traveling to the same destination at the same time as a group, and secure their reservations for movement as a group. Appoint one person in charge, and issue the GTR in his or her name. This procedure saves time and effort on preparing individual GTRs. According to [Chapter 5](#), bulk purchase tickets may also be used for groups of applicants or DEP enlistees.

4.5. Correct Entries for the GTR (SF 1169). Samples of a completed GTR and instructions for preparing a GTR (front and back) are in [Figure 4.1.](#) and [Figure 4.2.](#), respectively. When a space is not required for the service being procured, draw a horizontal line through the unused space. Also, when the space available on the front of the GTR is inadequate for all the necessary information, use the space on the reverse. Make all entries on the original (blue) copy and remaining copies.

NOTE: For instructions on preparing a bulk purchase GTR, see paragraph [5.3.](#), [Figure 5.1.](#), and [Table 5.1.](#)

4.6. When GTRs Are Not Issued. Do not issue GTRs:

- 4.6.1. For other than officially authorized travel.
- 4.6.2. To cover travel already performed.
- 4.6.3. To duplicate GTRs previously issued except to provide transportation to a person who has lost a ticket. Issue an additional GTR on a cost-charge basis (see paragraph [4.8.](#)).
- 4.6.4. To allow a traveler to choose between modes of transportation to the same point.
- 4.6.5. For procurement of an airport limousine, commercial rental or drive-yourself services, and (or) intracity or taxicab services (except when purchased in bulk quantities under [Chapter 5](#)).

4.6.6. For transportation costing less than \$50, unless there is no other way to buy the service.

4.6.7. To pay toll road or bridge charges.

4.6.8. For personal convenience to include additional cost of unauthorized services or to obtain transportation services exceeding those authorized by this instruction, such as extra fare service or accommodations, stopovers that increase the charges, and higher priced indirect routing. When the traveler wants such unauthorized services, he or she pays the additional cost (including federal transportation tax) in cash to the carrier at the time the GTR is exchanged for tickets.

4.6.9. For any portion of a trip where government transportation is used.

4.6.10. For procurement of air, bus, and rail passenger transportation services from travel agencies not under DoD or GSA contract.

4.6.11. To furnish transportation incident to nomination and admission to service academies to:

4.6.11.1. Members on active duty for the purpose of competing for congressional nominations.

4.6.11.2. Members of the Reserves not on active duty or civilians for any examinations preparatory to admission.

4.6.12. To furnish transportation to members of the armed forces, DoD civilian employees, and direct appointees who do not have competent travel orders.

4.6.13. To furnish transportation to civilian applicants for direct appointments (commissions) before their acceptance for service and the issuance of travel orders.

4.6.14. To furnish convenience transportation to applicants, such as for return from vacation points to enlist or to furnish circuitous routing or transportation over excessive distance for applicants induced to enlist from an area outside the recruiter's normal territory.

4.6.15. To applicants for enlistment in the active Reserves. (Coordinate with Reserve recruiters for transportation arrangements for their applicants.)

4.6.16. For procurement of transportation for pets.

4.6.17. For procurement of service via AMTRAK when the value of tickets is less than \$100, except when purchased in bulk quantities (see [Chapter 5](#)).

4.7. Instructions to Travelers. TOs or TAs must tell the traveler:

4.7.1. Not to present his or her GTR to any agency other than the initial carrier named on the face of the GTR.

4.7.2. To return all unused GTRs, tickets, or portions of tickets to the issuing TO or TA.

4.7.3. Not to attempt to use a GTR for unauthorized services.

4.7.4. To certify the accommodations received on the reverse side of the GTR in the **Service Furnished If Other Than Requested** block, if the accommodations are different than those requested on the front of the GTR.

4.7.5. He or she is responsible for the custody of GTRs, tickets, or other transportation documents and failure to safeguard them may result in the traveler's personal liability if the documents are used by unauthorized individuals.

4.7.6. To immediately report the loss or theft of a GTR or tickets to the TO or TA who provided the GTR.

4.8. Procedures for Furnishing Transportation to Personnel Without Funds. Recruiting offices are authorized to issue cost-charge GTRs to members of the armed forces who are without funds and are returning to their permanent duty station (see [Table 3.2.](#), rules 3 and 4). If the Air Force recruiting office is collocated or within close proximity of a recruiting facility of another branch of service, members from other branches of service should be referred to their own branch of the service.

4.8.1. For Air Force members traveling on TDY or PCS orders (including delay en route):

4.8.1.1. Use the fund citation on the special orders. Also, enter "cost charge entered" in the space provided for the fund citation.

4.8.1.2. Do not prepare DD Form 139, **Pay Adjustment Authorization**.

4.8.1.3. Prepare a memorandum notice to the traveler's servicing FSO travel section (FMFT) in four copies. The memorandum will explain reason for issuance of GTRs and contain the traveler's name and social security number (SSN), serial numbers of GTRs issued, points of travel, mode of travel, fund citation, and value of GTRs issued. Within 24 hours, send the original copy of the memorandum notice, one copy of the member's special order, and a preaddressed (with squadron's address) AF Form 74, **Communication Status Notice/Request**, to the member's servicing FSO (see [Figure 4.3.](#)). Give the second copy of the notice and the GTR to the traveler with instructions to present the notice to FSO when filing the travel voucher. Keep the third copy; and send the fourth copy to the squadron TO, who maintains it in the suspense file pending receipt of AF Form 74 from the receiving FSO. The squadron TO initiates follow-up action if the AF Form 74 is not received within 30 days.

4.8.2. For Air Force members traveling on ordinary leave without TDY or PCS orders:

4.8.2.1. Contact squadron headquarters and request special orders be issued to the member according to AFI 33-328, *Administrative Orders*. After orders are issued, the squadron TO telephonically provides the TA with the special orders number, date issued, and fund citation. The TO sends one copy of the special orders to the TA no later than the following workday.

4.8.2.2. Use one of the following fund citations: officer, 57*3500 32* P510 503725; or enlisted, 57*3500 32* P530 503725. (In place of the asterisk, enter the last digit of the current fiscal year.) Also enter “cost charge entered” in the space provided for the fund citation.

4.8.2.3. Do not issue DD Form 139 or a memorandum notice. The fund citation automatically tells Defense Finance and Accounting Service (DFAS), Denver CO, to charge the cost of the GTR to the member.

4.8.3. For Army members on TDY or PCS orders:

4.8.3.1. Use the fund citation on the special orders, and enter “cost charge entered” in the space provided for the fund citation. When Department of the Army special orders direct a PCS movement chargeable to appropriation “Military Personnel, Army,” with fiscal station S99-999, enter the four-character movement designator code (MDC) shown in the special orders instead of the fund citation. In all other cases, enter the complete fund citation shown on the special orders.

4.8.3.2. Prepare and distribute DD Form 139 according to paragraph [4.9](#).

4.8.4. For Navy members on TDY or PCS orders:

4.8.4.1. Use the fund citation on the special orders, and enter “checkage requested” in the same space provided for the fund citation.

4.8.4.2. Change the preprinted name and address in the **Bill Charges To** block (top left corner of GTR) to Defense Finance & Accounting Office, (GTR/GTA Branch - ISBBE), P.O. Box 8309, Norfolk VA 23503-0309.

- 4.8.5.1. Use the fund citation on the special orders, and enter “checkage requested” in the space provided for the fund citation.
- 4.8.5.2. Change the preprinted name and address in the **Bill Charges To** block (top left corner of GTR) to Commanding General Marine Corps, Logistics Base (Code 470), 814 Radford Blvd, Albany GA 31704-1128.

- 4.8.6.2. Change the preprinted name and address in the **Bill Charges To** block (top left center of GTR) to U.S. Coast Guard Finance Center, 1403-A Kristina Way, Chesapeake, VA 23326-5000.
- 4.8.6.3. On the original copy of the member’s special orders, enter the serial number of the GTR issued, points between which the GTR was issued, and amount.
- 4.8.6.4. Prepare and distribute DD Form 139 according to paragraph 4.9.

4.8.7. For military members (other than Air Force) traveling on ordinary leave without TDY or PCS orders:

4.8.7.1. The TA contacts squadron headquarters and requests special orders be issued to the member according to AFI 33-328. Do not issue a GTR until the special orders are received. Advise members who will exceed their leave status while awaiting issuance of a GTR to request an extension of leave from their home unit.

4.8.7.2. For members of the Navy, Marine Corps, and Coast Guard, change the **Bill Charges To** block of the GTR as shown in paragraphs 4.8.4.2., 4.8.5.2., and 4.8.6.2., respectively.

4.8.7.3. Use the following fund citations:

4.8.7.3.1. For Army members: 21*2010 01-401 P1491 S99999. (In place of the asterisk, enter the last digit of the current fiscal year.) Also, enter “cost charge entered” in the space for the fund citation.

4.8.7.3.2. For Navy members: 17*1453.2202 011 12600 0 000022 21 000000 000000071131. (In place of the asterisk, enter the last digit of the current fiscal year.) Also, enter “checkage requested” in the space for the fund citation.

4.8.7.3.3. For Marine Corps members: officers, 17*1105.2701 011 12690 000027 21 000000 000000071110; enlisted, 17*1105.2701 011 12690 000027 21 000000 000000071130. (In place of the asterisk, enter the last digit of the current fiscal year.) Also, enter “checkage requested” in the space for the fund citation.

4.8.7.3.4. For Coast Guard members: 69X0201 for officers and enlisted personnel. (Do not replace the X.) Also, enter “checkage requested” in the space for the fund citation.

4.8.7.4. Prepare and distribute DD Form 139 according to paragraph 4.9.

4.8.8. For absentees or deserters, refer to AETCI 36-2002, *Recruiting Procedures for the Air Force*. Prior to issuing a cost-charge GTR, the recruiter advises the squadron TO of the requirement. The squadron TO telephones the AWOL individual's home unit to inform that the individual is in custody and to obtain disposition instructions. If the home unit commander determines the individual must be escorted back to the home installation, the TO turns the individual over to the local authorities pending arrival of the escort. Regardless of whether the individual is to be escorted or not, the TO issues the special orders to return the deserter or absentee. If the home unit is other than Air Force, the TO obtains the correct fund citation, issues special orders according to AFI 33-328, and telephones the TA to provide the special orders number, date issued, and fund citation. The TO sends one copy of the orders to the TA by the next workday.

4.8.8.1. For Air Force members, prepare the GTR and use the same fund citation as shown in paragraph 4.8.2.2. Do not issue DD Form 139 or a memorandum notice. The fund citation automatically tells DFAS to charge the cost of the GTR against the member. Distribute the GTR according to Table 4.3.

If the individual is on orders, attach one copy of the orders to the tissue copy and one copy of the orders to the memorandum copy. (No orders are required for DEP enlistees.) 4.8.8.2.2. Prepare and distribute DD Form 139 according to paragraph 4.9.

4.8.8.3. For all members, the recruiter maintains the GTR file copy in a suspense file until receipt of the special orders. He or she initiates follow-up action with the squadron TO if the special orders have not been received within 5 workdays after issuance of the GTR.

4.10. Lost, Stolen, or Destroyed GTRs or Tickets Purchased with GTRs:

NOTE: See paragraph 5.9. for procedures on lost, stolen, or destroyed tickets purchased through TRANSCOR Inc.

4.10.1. GTRs or Tickets Lost While in the Custody of the TO or TA. If the lost, stolen, or destroyed document had been partially or fully completed with the point of origin, carrier, or type service, the TO or TA should immediately notify the designated carrier or other local carriers of the loss or theft. The TO or TA then sends a report by fax to DFAS-Indianapolis IN, DSN: 699-2678, or memorandum to: Transportation Payment, DFAS-IN, 8899 East 56th Street, Indianapolis IN 46249-0601. The memorandum must contain:

4.10.1.1. The payee's name (if applicable).

4.10.1.2. The serial number of the missing GTRs or the GTR numbers the missing tickets were purchased with.

4.10.1.3. A statement concerning loss or theft.

4.10.2. GTRs or Tickets Lost While in the Custody of the Traveler:

4.10.2.1. The traveler must immediately notify the designated carrier and issuing TMO, TO, or TA and complete a lost ticket refund application (if applicable) and any report required by the local carrier.

4.10.2.1.1. Applicants who lost GTRs or tickets must use their personal funds to purchase another ticket. If an applicant has no funds, transport him or her by government vehicle (if possible), but do not furnish another ticket or issue another GTR. Issuing cost-charge GTRs to applicants is not permitted. Warn applicants to safeguard GTRs and tickets in their possession.

4.10.2.1.2. Encourage DEP enlistees who lose GTRs or tickets to purchase another ticket (with their own funds) or be transported by government vehicle (if possible). When necessary, however, a second GTR or ticket may be issued. If a second GTR or ticket is issued, the TA sends a memorandum to LTC/FMFT, Lackland AFB TX 78236-5000, providing the individual's name and SSN, GTR or ticket number and cost, and a statement of the circumstances surrounding the loss of the GTR or ticket. Advise enlistees they will be required to fill out a travel voucher upon notification from the accounting and finance office (FSO) at Lackland and will be required to reimburse the government at that time.

4.10.2.1.3. Military personnel on orders should use personal funds to purchase another ticket with the same mode of transportation and route as specified on the original GTR. Advise them to obtain a separate receipt from the carrier and apply for reimbursement upon return to their home station. If the traveler is without funds, provide a cost-charge GTR according to paragraph 4.8.

4.10.2.2. When GTRs or tickets are lost while in the possession of applicants or DEP enlistees, the TO or TA obtains information from the traveler and completes SF 1170, **Redemption of Unused Tickets**. The TO or TA then sends the SF 1170 to the designated carrier to request reimbursement for the amount paid for transportation. Send the carrier the original copy of the SF 1170 along with a copy of the lost ticket refund application, if available, and copies of the original and replacement tickets. (See [Figure 4.5](#) for a sample SF 1170 and [Table 4.4](#) for instructions on preparing SF 1170.)

4.10.2.2.1. Suspend one copy of the SF 1170 and supporting documents for 120 days. If applicable, initiate a tracer action on the 121st day and every 90 days thereafter until the case is closed or 1 year has elapsed from the date of the initial SF 1170.

4.10.2.2.2. Give one copy of SF 1170 to the traveler and send the last copy to LTC/FMFT.

4.10.2.2.3. If no response is received within 1 year, file all documentation with the member's case file, and send the suspense copy of SF 1170, annotated with "no response received from carrier," to LTC/FMFT. Send any correspondence (refunds or memorandums) received thereafter to the FSO.

4.11. Recovery of Lost or Stolen GTRs or Tickets:

NOTE: See paragraph 5.10. for procedures pertaining to tickets purchased through TRANSCOR Inc.

4.11.1. Recovery of GTRs:

4.11.3. Recovery of Tickets Lost While in Possession of the Traveler:

4.11.3.1. If a refund has not been received, stamp or write “Canceled” in ink across the face of the original and all copies of the ticket. Forward the ticket and a copy of the SF 1170 to the carrier with a cover memorandum explaining that the ticket was found and a refund is still due the government. Send a copy of the memorandum to the Lackland FSO.

4.11.3.2. If the ticket was lost by an applicant or a DEP enlistee who personally procured a replacement ticket or was issued a cost-charge GTR, prepare a DD Form 730 in three copies. Follow the distribution procedures listed in paragraph 4.11.1.3. above for the first three copies.

4.11.3.3. If a refund has been received, stamp or write “Canceled” in ink across the face of the original and all copies of the ticket. Forward the ticket and a copy of the SF 1170 to the carrier with a cover memorandum explaining that the ticket was found.

4.12. Return of Unused GTRs:

4.12.1. At the time of issuance, the TA asks travelers to return unused GTRs to the nearest TO.

4.12.2. When unused GTRs are turned in, the TO or TA cancels them and prepares DD Form 730 as shown in **Table 4.5.** (This form is not required if the GTR has not been distributed, has been canceled

because of an error, or has not been given to the traveler.) Prepare DD Form 730 in three copies. Give the original to the traveler, file one copy in the squadron TO file along with the canceled GTR, and send one copy to the same place the memorandum card was sent ([Table 4.3.](#), line 4). On the appropriate AF Form 1332, annotate that the GTR has been canceled.

4.12.3. If a GTR is turned in to a TO who did not issue the GTR, the TO or TA follows the procedures in paragraph [4.12.2.](#) except he or she prepares the DD Form 730 in four copies and sends the extra copy and the GTR to the TO who issued it.

4.13. Spoiled or Canceled GTRs. Mark “Canceled” across the face of the original of a GTR that was spoiled in preparation, canceled for any reason, or prepared but not used. File the GTR at the group or squadron in numerical sequence in the GTR folder. On the appropriate AF Form 1332, annotate that the GTR has been canceled.

4.14. GTRs Provided to Applicants and DEP Enlistees Who Do Not Use Travel as Intended:

4.14.1. Two attempts will be made to recover unused GTRs. The first will be an informal attempt by the recruiter responsible for recruiting the individual and will consist of a telephone call or personal contact. The second will be a formal attempt by the squadron TO and will consist of a memorandum sent by certified mail (return receipt requested) to the individual. The memorandum will request the return of the GTR (or the ticket) or the issuance of a money order or cashier's check for the amount of the GTR. See sample memorandums in [Figure 4.7.](#) (for one-way travel) and [Figure 4.8.](#) (for round-trip travel).

4.14.1.1. If the recruiter is the first to determine travel was not accomplished, he or she makes the informal attempt to recover the GTR. If the informal attempt is unsuccessful, the recruiter advises the squadron TO by memorandum and the TO makes the formal attempt.

4.14.1.2. If the squadron TO is the first to identify travel was not accomplished, he or she notifies the appropriate recruiter to try to recover the GTR. See sample memorandums in [Figure 4.9.](#) (for one-way travel) and [Figure 4.10.](#) (for round-trip travel). The recruiter makes the informal attempt and returns the memorandum to the squadron TO with the applicable endorsement. If the recruiter is unable to recover the unused GTR or ticket (or money), the squadron TO then makes the formal attempt, using the appropriate memorandum ([Figure 4.7.](#) or [Figure 4.8.](#), as applicable).

4.14.1.3. The return receipt identifies who signed for the certified memorandum. Keep it with the TO's copy of the memorandum. If a formal attempt has not been successful, treat the GTR as lost according to paragraph [4.10.1.](#)

4.14.2. If the GTR is recovered, refer to paragraph [4.12.](#)

4.14.3. If the transportation document was used for other than official travel, ask the applicant to refund the cost of transportation. Use both the informal and formal procedures in paragraph [4.14.1.](#), if necessary. Instruct the applicant to make the check or money order payable to the Defense Accounting Office (DAO) at the host base. When the applicant has had prior service in the Air Force or Army and fails to refund the cost of transportation, report the matter by memorandum to DFAS-DE/YD, Denver CO 80279-5000. Send this memorandum as soon as the applicant's intentions are clear. Furnish the name and SSN of the applicant, name and address of next of kin, date and place of previous enlistment, date of refusal to enlist, reason (if known), and the amount of expenses incurred by the government.

CHAPTER 5

BULK PURCHASE OF TICKETS

5.1. General. Bulk purchase is a procedure to obtain a quantity of carrier's tickets at one time for future use. It is designed to reduce administrative costs and recruiter workload. These purchases are made with GTRs, government credit cards, or local purchase procedures (that is, AF Form 9, **Request for Purchase**).

5.2. Bulk Purchase by GTR. Use GTRs to procure carrier tickets or tokens in bulk quantities for intracity and intercity transportation services. This includes air, bus, railway, taxi, and limousine tickets or tokens. TOs and TAs intending to use GTRs to bulk purchase tickets or tokens must inform the Commander, MTMC, ATTN: MT-PTS, 5611 Columbia Pike, Falls Church VA 22041-5050, at the time of initial bulk purchase of tickets or tokens for a specific route and mode. Notification must include the name of the carrier and the origin and destination. Notification of additional bulk purchases for the same carrier and routing is not required.

5.2.1. Under this procedure, tickets purchased for applicants or DEP enlistees may be used in accordance with paragraph [5.5.3](#).

5.2.2. Also under this procedure, tickets may be purchased for AFRS personnel having a travel requirement of at least five trips from the same origin to the same destination by the same mode of transportation in a 60-day period. Ensure proper funds are used for such a purchase.

5.2.3. Do not purchase more than a normal 60-day requirement at one time.

5.2.4. Offices and locations that move at least five applicants or DEP enlistees from the same origin to the same destination by the same mode of transportation in a 60-day period must use bulk purchase. Do not use individual GTRs where the traffic flow meets the above requirements.

5.2.5. Do not bulk purchase tickets costing more than \$250 for each one-way or round-trip single fare, exclusive of federal transportation tax. Instead, use individual or group GTRs. (See paragraph [5.6](#) for special exemptions.)

5.2.6. Tickets bulk purchased by one TA may be used by other TAs in the same office or location. Establish internal controls to ensure accountability for tickets under these circumstances.

5.2.7. Immediately after purchase, the TO or TA stamps all bulk purchase tickets with "Property of the US Government-Not Redeemable for Cash Except by the US Government."

5.2.8. Take care to avoid the purchase of large numbers of tickets with an early expiration date. Use an automated suspense system to ensure tickets are used before they expire.

5.2.9. Squadron TOs:

5.2.9.1. Keep a current list of origins and routes that regularly generate enough traffic to warrant use of bulk purchase procedures.

5.2.9.2. Follow the audit procedures of paragraph [6.5](#) to ensure bulk purchase is used to the maximum extent.

5.2.9.3. Revise the list in paragraph [5.2.9.1](#) to reflect maximum number of routes authorized or validate the list as current during each audit. (Maintaining bulk purchase routes at group level is optional.)

5.2.10. Bulk purchase tickets must contain all travel data prior to purchase. (**EXCEPTION:** Bulk purchase commercial airline tickets must include all travel data except the traveler's name and date of travel--the TA issuing the ticket enters this information.)

5.3. Preparing a GTR for Bulk Purchase. See [Figure 5.1](#) and [Table 5.1](#).

5.4. Disposing of Unused and Expired Bulk Purchase Tickets Procured with a GTR:

5.4.1. If bulk purchase tickets are returned unused, uncanceled, and unexpired, they may be issued again to another applicant or DEP enlistee. However, use tickets purchased for applicants only for applicants; use tickets purchased for DEP enlistees only for DEP enlistees. See paragraph [5.5.4](#) for accounting and control procedures and paragraph [5.5.7](#) for necessary accounting adjustments.

5.4.2. The TA must establish an automated suspense system to monitor tickets identified as 120 days old or older and ensure the tickets are used before expiration. If tickets expire, the TA prepares a memorandum, in three copies, listing the ticket numbers to be canceled and explaining the reason for cancellation. The TA retains one copy of the memorandum with applicable AETC Form 1336, **Record of Bulk Ticket Purchases**. He or she draws a diagonal line through the unused tickets listed on the AETC Form 1336 and annotates "returned to squadron" in the right-hand margin beside each unused ticket. The TA sends the original and one copy of the memorandum, along with the tickets, to the squadron TO for cancellation. The squadron TO cancels the tickets and prepares DD Form 730 (according to [Figure 4.6](#) and [Table 4.5](#).) in three copies for distribution as follows:

5.4.2.1. Send the original DD Form 730 to the appropriate TA who attaches it to the applicable AETC Form 1336 (see paragraph [5.4.2.](#)).

5.4.2.2. Send one copy of the DD Form 730 along with the canceled tickets and original memorandum of explanation to DFAS-Indianapolis Center, ATTN: DFAS-I-TEA, Indianapolis IN 46249-0601.

5.5. (RSSL) Accounting for Bulk Purchase Tickets and Tokens Purchased with a GTR:

5.5.1. TOs or TAs account for and issue bulk purchase tickets and tokens on AETC Form 1336.

5.5.2. The TA prepares two copies of AETC Form 1336 immediately after the tickets are procured. Prepare and maintain a separate AETC Form 1336 for each purchase of tickets. (See [Figure 5.2.](#) and [Table 5.2.](#) for entries.) Immediately after purchase, stamp all tickets “Property of US Government-Not Redeemable for Cash Except by US Government.”

6	(10)	The date the ticket was issued to the applicant.
7	(11)	The traveler who receives the ticket prints and signs his or her name. If the recruiter is away from the office when he or she gives a ticket to the applicant, the recruiter will document its issuance upon return to the office by printing the applicant's name, and entering "by" and his or her (recruiter's) signature below. Recruiters signing for applicants should be kept to a minimum.
8	(12)	The applicable enlistment category; NPS, PS, OTS, or DEP.
9	(13)	The date the applicant or DEP enlistee is to report to the examining station.
10	(14)	The remaining balance of tickets on hand. Purchase a new supply of tickets in time to prevent the requirement to issue individual GTRs.
11	(15)	Recruiters are responsible for screening the DRAR and annotating the number in this column. This number must correspond to the DRAR for that day's processing; that is, item (13).

NOTE: Complete these entries immediately after purchase of tickets.

5.5.3. TOs or TAs do not issue applicants tickets purchased with DEP enlistee travel funds or vice versa. Bulk purchase tickets may be used for all categories (NPS, OTS, HP, PS). Prior service (PS) personnel may use one-way tickets purchased for all enlistees, because the appropriations are identical. However, if one-way tickets purchased for DEP enlistees are not available, use tickets purchased for applicants. Refer to paragraph 5.5.7. to make necessary accounting adjustments when tickets are issued to other than the category intended.

5.5.4. If a ticket is returned unused or uncanceled, the TA reenters it on the AETC Form 1336 at the bottom of all other entries. The ticket may be issued again to another traveler. Line out the original entry on the AETC Form 1336, annotate that the ticket was returned unused, and enter the date it was returned. Make a cross-reference to the new entry. If AETC Form 1336 has already been sent to the squadron TO, obtain appropriate data and initiate a supplemental AETC Form 1336.

5.5.5. The TA processes tickets that have expired (but have not been issued) according to paragraph 5.4. Enter “expired” on the AETC Form 1336 and attach a DD Form 730 and a copy of the memorandum of explanation required by paragraph 5.4.2.

5.5.6. The TA verifies that all applicants reported to the MEPS, corrects the date-to-report column (if required), and enters the Daily Recruiter Activity Report (DRAR) number in the audit column. For no-shows, attempt to recover the unused ticket (see paragraph 5.12.). If unsuccessful, enter the traveler's name and address on the reverse side of AETC Form 1336. When all tickets listed on AETC Form 1336 are issued, send the original to the squadron TO for review and filing and retain the duplicate copy in accordance with paragraph 6.4.

5.5.7. When tickets are issued to individuals in an enlistment category other than the category the tickets were purchased for, an accounting adjustment is necessary. The TO identifies required adjustments during the review of AETC Form 1336 received from the TAs. At least quarterly, accounting will be accomplished as follows:

5.5.7.1. For PS-issued tickets purchased with DEP enlistee travel funds, prepare SF 1081, **Voucher and Schedule of Withdrawals and Credits**, to adjust accounting data. No adjustment is required when PS personnel are issued tickets purchased with applicant travel funds.

5.5.8. When tickets are purchased by the TO and transferred to the TA, the following applies:

5.5.8.1. The TO prepares AETC Form 1336, items 1 through 9 (see Figure 5.2.), in two copies and AF Form 213 in three copies.

5.5.8.2. The TO transfers two copies of AETC Form 1336, the original and one copy of AF Form 213, and the bulk tickets to the using TA who acknowledges receipt by signing AF Form 213 and returning the original to the TO. The TO keeps the second copy of AF Form 213 in suspense with the tickets and triplicate copy of the GTR until the completed AETC Form 1336 is forwarded by the TA.

5.5.8.3. The TA makes the required entries on AETC Form 1336 (see Figure 5.2. and Table 5.2.) and complies with paragraphs 5.5.4. through 5.5.7., as applicable.

5.6. Special Exemptions for Bulk Purchase of Tickets with a GTR. Special exemption from the cost limitation of \$250 may be granted when the limitation is exceeded by routings that otherwise meet the criteria for bulk purchase of tickets. Squadrons with routings that otherwise meet the criteria send a request for exemption to Commander, MTMC, ATTN: MT-PTS, 5611 Columbia Pike, Falls Church VA 22041-5050. Such requests will be sent through the appropriate group, HQ AFRS/RSSXL, and HQ AETC/LGTT in the format shown in Figure 5.3.

5.7. (RSSL) Using a Government Credit Card to Bulk Purchase Tickets Through TRANSCOR Inc.:

5.7.1. TRANSCOR Inc. provides bulk purchase tickets to recruiting squadrons for most commercial ground and air transportation carriers within the continental United States (CONUS). When service is requested, TRANSCOR Inc. will issue the tickets, stamp each ticket "Property of US Government-Not Redeemable for Cash Except by the US Government," imprint the last six digits of the sub-account and category of enlistment on each ticket, and prepare AETC Form 1336 and AF Form 213.

Within 24 hours after the order is received, TRANSCOR Inc. will mail the tickets and forms, by priority mail, to the applicable recruiting office. On receipt of the tickets, the TA signs the AF Form 213, sends the original copy to the squadron headquarters, and returns one signed copy to TRANSCOR Inc. Bulk purchase tickets are ordered by telephone. Squadrons may place orders by dialing 1-800-633-5063, or Datafax number 1-904-733-8227.

5.7.2. When possible, use government credit card procedures to bulk purchase group transportation tickets for any category of traveler. No more than a normal 60-day supply may be ordered. Keep in mind there is no minimum number of tickets that may be ordered. Establish bulk purchase routes according to paragraph 5.2.4. The following procedures apply when ordering bulk purchase tickets from TRANSCOR Inc.:

5.7.2.1. The squadron TO provides TRANSCOR Inc., in writing, the established bulk purchase routes, including origin, destination, recruiting office address, preferred mode of transportation, and carrier. In addition, the squadron TO provides TRANSCOR Inc., in writing, the appropriate fund citations for NPS and DEP personnel and identifies the individual authorized to request tickets. Any time a change occurs to the above information, the TO informs TRANSCOR Inc., in writing, of the change.

5.7.2.2. On a monthly basis, TRANSCOR Inc. bills Air Force recruiting squadrons through the current authorized credit card company.

5.7.2.3. Use AETC Form 1338 to record the first and any subsequent ticket requirements for certain categories of enlistment during the established timeframe. Enter the billing period, subaccount number, appropriation chargeable, name of carrier, enlistment category, date ordered, ticket quantity, recruiting office designator (such as, 41AB), and origin and destination of travel (see Figure 5.4.).

5.7.2.3.1. On receipt of the AF Form 213 from the recruiting office indicating ticket receipt, complete the line entry on AETC Form 1338 by entering the ticket serial number and total ticket cost. File weekly sales reports provided by TRANSCOR Inc. as supporting documentation to serve as a cross-check for cost and ticket serial numbers. When an AF Form 213 has not been received at the squadron headquarters, the squadron TO verifies by telephone the receipt of the tickets with the recruiting office.

5.7.2.3.2. If the recruiter has not received tickets in what is considered normal mail time for a particular location, he or she contacts the TO who in turn contacts TRANSCOR Inc. to determine the status of the tickets. If tickets are to be canceled and new tickets issued, the TO documents this on the weekly sales report received from TRANSCOR Inc.

5.7.2.3.3. Once the TO has determined all requested tickets have been received, the TO enters the grand total on AETC Form 1338. The TO also enters the date and his or her name, grade, title, and signature.

5.7.2.4. When bulk purchasing tickets with a government credit card, the squadron TO establishes a consolidated file folder by billing period and category, to include AETC Form 1338, signed copies of the AF Form 213, and the weekly sales report (see Figure 5.5.). The signed copies of the AF Form 213 will remain in the consolidated file folder in suspense pending receipt of the applicable AETC Form 1336. On receipt of a completed AETC Form 1336 from the TA, the squadron TO reviews the form for accuracy and files it in the consolidated file behind the AETC Form 1338. The TO destroys the AF Form 213 after the AETC Form 1336 has been placed in file. After all

AETC Forms 1336 have been received for a particular AETC Form 1338, the TO files the consolidated file as complete.

Figure 5.5. Sample Consolidated File Folder.

5.7.2.5. On the established closeout date, the squadron TO provides a copy of AETC Form 1338 to the squadron financial analyst (RSSF), who establishes a monthly obligation reimbursement document (MORD) using the AETC Form 1338 as a supporting document. On receipt of the monthly billing, the squadron TO places a certification statement on the bill after verifying AF Form 213 with the weekly TRANSCOR Inc. sales report and monthly government credit card bills. RSSF will prepare SF 1034, **Public Voucher for Purchases and Service Other Than Personal**, and forward it along with other required supporting documents to the host base FSO for payment.

5.8. (RSSL) Disposing of Unused, Unexpired, or Expired Tickets Purchased Through TRANSCOR Inc. with a Government Credit Card:

5.8.1. If bulk purchase tickets are returned unused and unexpired, they may be issued again. See paragraph 5.5.7. for necessary accounting adjustments and paragraph 5.5.4. for accounting and control procedures.

5.8.2. The TA must establish an automated suspense system to monitor unexpired tickets identified as 120 days old or older and ensure the tickets are used before expiration. Tickets purchased with a government credit card may be returned to TRANSCOR Inc. for credit. Squadrons may return tickets for credit at any time during the month, but tickets returned at the end of the billing period may not have credit applied until the following billing period.

5.8.3. When unused or expired tickets are to be returned for credit, the TA:

5.8.3.1. Draws a diagonal line through the unused or expired tickets, and writes, “Returned to squadron for credit” on the AETC Form 1336.

5.8.3.2. Retains one copy of the applicable AETC Form 1336 and sends the original with the tickets to the TO for credit processing.

5.8.4. On receipt of the first unused or expired tickets, the TO:

5.8.4.1. Immediately initiates three copies of AETC Form 1337, **Record of Returned Tickets for Credit**, for the month, by traveler category (see [Figure 5.6](#)).

[illegible]

REPLACES ATC FORM 1337, MAR 91, WHICH IS OBSOLETE.

5.8.4.2. Sends unused or expired tickets, a copy of the AETC Form 1337, and a transmittal mem-

orandum to TRANSCOR Inc. requesting credit. Sends an information copy of the transmittal memorandum and AETC Form 1337 to RSSF.

5.8.4.3. Files the AETC Form 1337 in the consolidated file folder for the billing period in which the credit was applied.

5.9. Lost, Stolen, or Destroyed Tickets Purchased Through TRANSCOR Inc.:

5.9.1. If a ticket is lost while in the TO's or TA's custody:

5.9.1.1. Immediately notify TRANSCOR Inc. and the carrier named on the ticket by telephone. Tell them the ticket was lost and should not be honored. Provide them with the ticket's serial number, origin, and destination.

5.9.1.2. To request reimbursement for the amount paid for the ticket, send a written request to the carrier and an information copy to both TRANSCOR Inc. and the FSO servicing the squadron. Include:

5.9.1.2.1. Ticket's serial number.

5.9.1.2.2. Origin and destination.

5.9.1.2.3. Instructions to make refund payable to the DAO (include DAO's address).

5.9.1.3. Establish a suspense of 120 days from the date of the written request. If necessary, initiate tracer action on the 121st day and every 90 days thereafter until the case is closed or until 1 year after the date of the initial written request.

5.9.1.4. If no adequate response has been received within 1 year, send the FSO servicing the squadron a memorandum indicating that no response (or an insufficient response) has been received from the carrier. Attach a copy of all documentation to the memorandum.

NOTE: Send any correspondence (refunds, memorandums, etc.) received at a later date to the FSO. Initiate a report of survey in accordance with AFMAN 23-220, *Reports of Survey for Air Force Property*.

5.9.2. If a ticket is lost while in the custody of the traveler, he or she should immediately notify the designated carrier and issuing TO or TA of the loss. The traveler then completes a lost ticket refund application and any report required by the local carrier.

5.9.2.1. If an applicant loses a ticket, he or she must use personal funds to purchase another ticket. If the applicant has no funds, he or she may be transported by a government vehicle, if possible, but will not be issued another ticket or GTR. Procedures do not exist to permit the issuance of cost-charge GTRs to applicants. Warn applicants to safeguard GTRs and tickets in their possession.

5.9.2.2. If a DEP enlistee loses a ticket, he or she should be encouraged to use personal funds to purchase another ticket or be transported by government vehicle, if possible. However, a second ticket may be issued when necessary. If a second ticket is issued, the TA sends a memorandum to LTC/FMFPT, Lackland AFB TX 78236-5000, including the enlistee's name and SSN, ticket number and cost, and a statement of the circumstances surrounding the loss of the ticket. Advise enlistees they will be required to fill out a travel voucher when notified by the Lackland FSO, and they will be required to reimburse the government at that time.

5.9.2.3. If a ticket is lost while in the possession of an applicant or DEP enlistee, the TO or TA obtains needed information from the traveler and notifies the designated carrier (in writing) of the loss, requesting reimbursement for the amount paid for transportation (use procedures listed in paragraph 5.9.1.2.). A copy of the lost ticket refund application, if available, and copies of the original and replacement tickets should accompany this memorandum. Provide a copy of the memorandum to the traveler to file with his or her travel voucher.

5.9.2.3.1. Establish a suspense of 120 days from the date of the written request. If necessary, initiate tracer action on the 121st day and every 90 days thereafter until the case is closed or until 1 year after the date of the initial written request.

5.9.2.3.2. If no adequate response is received within 1 year, send a copy of all documentation to the FSO servicing the squadron. Include a cover memorandum indicating that no response (or an insufficient response) was received from the carrier. **NOTE:** Send correspondence (refund, memorandums, etc.) received at a later date to the FSO.

5.9.2.4. If a DEP enlistee requests reimbursement for a replacement ticket, the following applies:

5.9.2.4.1. He or she can request temporary reimbursement based on financial hardship by submitting a request for temporary reimbursement accompanied by a statement of circumstances for the lost ticket to the orders issuing official.

5.9.2.4.2. If the request is approved, the enlistee will submit the following to the Lackland FSO travel section: DD Form 1351-2; a copy of the approval for temporary reimbursement; a copy of the ticket purchased by the traveler; a copy of the memorandum to the carrier requesting a refund; and all documentation received from the carrier.

5.9.2.4.3. The Lackland FSO travel section will reimburse the enlistee based on the approved temporary reimbursement request. This FSO will establish a refund receivable based on the lost ticket refund application and other supporting documents provided with the travel voucher.

5.9.2.5. If a refund is provided to the TO or TA from the carrier, the TO or TA completes a DD Form 1131 and presents it with the refund check to the Lackland FSO to liquidate the refund receivable. If the carrier notifies the TO or TA that the ticket was used, the TO or TA notifies this FSO by memorandum and requests the traveler be required to reimburse the government for the cost of transportation used.

5.10. Recovery of Lost, Stolen, or Destroyed Tickets Purchased Through TRANSCOR Inc.:

5.10.1. If the ticket has not expired and a refund has not been received, notify the carrier, in writing, with an information copy to TRANSCOR Inc. and the FSO servicing the squadron. Advise them the ticket was found and a refund is not necessary. Tickets may be reissued as outlined in paragraph 5.7.

5.10.2. If the ticket has expired and a refund has not been received, cancel the ticket by writing or stamping "Canceled" in ink across the face of the original and all copies thereof. Forward the ticket and a copy of the original notification memorandum to the carrier with a cover memorandum explaining the ticket was found and a refund is still due the government. Send an information copy to TRANSCOR Inc. and the FSO servicing the squadron.

5.10.3. If the ticket has expired and a refund has been received, cancel the ticket as indicated in paragraph **5.10.2**. Send the ticket to the carrier with a cover memorandum explaining the ticket was found and is being returned for disposition.

5.10.4. If the ticket was lost by a traveler who personally procured a replacement ticket, prepare DD Form 730 in two copies (see **Figure 4.6**. and **Table 4.5**.). Data and explanations that assist the FSO make adjustments may be inserted in any unused section. Give the original to the traveler, and retain one copy in the squadron TO's file.

5.11. Return of Unused Tickets by the Traveler. When unused tickets are returned, follow the procedures in paragraph **5.8**.

5.12. Commercial Carrier Tickets Provided to Applicants and DEP Enlistees Who Do Not Use Travel as Intended. Two attempts to recover unused carrier tickets will be made. The first, an informal attempt by the recruiter responsible for recruiting the individual, will consist of a telephone call or personal contact. The second, a formal attempt by the squadron TO, will consist of a memorandum sent by certified mail (return receipt requested) to the individual, requesting return of the ticket (see sample memorandum in **Figure 5.7**.).

5.12.1. If the recruiter is the first to identify that travel was not accomplished, he or she makes the informal attempt to recover the ticket. If the informal attempt is unsuccessful, the recruiter advises the squadron TO, who makes the formal attempt.

5.12.2. If the squadron TO is the first to identify that travel was not accomplished, he or she asks the appropriate recruiter to try to recover the ticket (see sample memorandum in **Figure 5.8**.). The recruiter makes the informal attempt and returns the memorandum to the squadron TO with the applicable 1st indorsement. If the recruiter is unable to recover the tickets or money, the squadron TO makes the formal attempt using the sample memorandum in **Figure 5.7**.

5.12.3. The return receipt identifies the individual who signed for the certified memorandum. Keep the receipt with the TO's copy of the memorandum. After a formal attempt has been made without success, treat the ticket as lost in accordance with paragraph **5.9.1**.

5.12.4. If the ticket is recovered, refer to paragraph **5.8**.

5.12.5. If the ticket was used for other than official travel, follow the procedures in paragraphs **4.14.3**. and **4.14.4**.

CONTROL PROCEDURES, TRANSPORTATION RECORDS, AND REPORTS

6.1. Safeguarding GTRs and Tickets. Safeguard all blank GTRs, carriers' tickets, and tokens in custody by storing them in a safe, locked desk, or locked filing cabinet when leaving the office for any reason and after normal duty hours. Do not sign GTRs until they are completed according to [Chapter 4](#) or [Chapter 5](#). Warn travelers to safeguard completed GTRs and tickets.

6.2. Transferring GTRs. On AF Form 213, record all transfers of blank or partially prepared GTRs from the source of supply to the final disposition (see [Figure 6.1.](#)). Complete the form in triplicate, and show the office location the GTRs are being transferred to. Acknowledge receipt of the GTRs on AF Form 213.

6.2.1. The TO or properly designated agent receipts for GTRs received from the PDO on AF Form 213. He or she returns the original to the PDO and retains one copy in the squadron TO's files.

6.2.2. The departing TO transfers GTRs to the newly assigned TO according to paragraph [1.1.3.](#)

6.2.3. The TO transfers GTRs to the TA by forwarding the original and one copy of the AF Form 213 along with the GTRs. (Use traceable means to send blank or partially prepared accountable forms.) Upon receipt, the TA immediately signs AF Form 213 and returns the original to the squadron TO for filing. The TA keeps one copy of the AF Form 213 with the applicable accountable documents. The TO keeps one copy in suspense pending return of the original. The TO determines the number of pre-processed GTRs to be maintained at recruiting offices, considering mailing time and other peculiarities associated with specific locations.

6.2.4. Occasionally, GTRs or carrier tickets must be mailed to applicants or DEP enlistees. When this is necessary, transfer the accountable document, using a traceable means.

6.3. Maintaining Transportation Records at Squadrons:

6.3.1. When the squadron TO or authorized TA receives blank GTRs from the PDO, he or she immediately records each GTR, by serial number, on the AF Form 1332 or comparable computer-generated product (see [Figure 6.2.](#) and [Table 6.1.](#)). Make the remaining entries on the AF Form 1332 when the triplicate and memorandum copies of the GTRs are returned by the TA (see [Table 4.3.](#)).

6.3.2. File GTRs and forms as follows:

6.3.2.1. Keep issued GTRs in file folders separate from blank or unissued GTRs. These folders should contain the GTR (including canceled copies) and any related correspondence, messages, or memorandums. Place the documents in the folder in numerical order by GTR serial number with the highest number on top.

6.3.2.2. File AF Forms 1332 or comparable computer-generated product in the sequence the GTRs listed thereon are received from the PDO.

I T E M	A	B
	Name of Column	Entry
1	(G)TR Number	Serial number of GTRs received from PDO. Record immediately upon receipt.
2	Meal Ticket Number(s)	Date of GTR transfer and office location number.
3	Date Issued	Date GTR issued to traveler.
4	Issued to	Traveler's name on GTR and cost of travel. If GTR was used to purchase transportation for more than one individual, record the total number of tickets purchased.
5	Remarks	Origin (city and state) and destination (city and state) of traveler, category of enlistment of traveler (NPS, PS, OTS, etc.), ON ORDERS for personnel traveling on special orders, COST CHARGE for cost-charge travelers, and BP for bulk purchase. Annotate the MEPS report date for applicants issued a GTR for travel to the MEPS. During the monthly audit, verify travel was accomplished by checking the DRAR and adding the DRAR number next to the MEPS report date.

6.3.2.3. Use AF Form 213 to record receipt and distribution of GTRs (see [Figure 6.1](#)). On the left side (inside) of the accountability file folder, keep a copy of AF Form 213 showing receipt. On the right side (inside), keep a signed copy of AF Form 213 showing distribution.

6.3.2.4. In separate folders, file AETC Forms 1336 by origin of travel and fiscal year, using the date the last ticket was issued to the traveler. When AETC Form 1336 is used for tickets purchased with a government credit card, file the AETC Form 1336 with the AETC Form 1338.

6.3.2.5. File AF Form 213, AETC Form 1336, and AETC Form 1338 in a single file folder by month when a government credit card is used for bulk purchase of tickets (see [Figure 5.5](#)). On receipt of a completed AETC Form 1336 from the TA, destroy the appropriate AF Form 213.

6.4. Maintaining Transportation Records at Recruiting Offices and MEPS Liaison Offices. The TA maintains the following items in the transitory file (see note):

6.4.1. The second copy of the GTR issued to individuals not on orders.

6.4.2. A copy of the special order, annotated with GTR number and date issued, for a GTR issued to individuals on orders (except individuals in DEP).

6.4.3. Completed copies of AETC Form 1336. File each form by the date the last ticket on the form was issued.

6.4.4. AF Forms 213 (after all accountable documents shown on the form have been issued).

NOTE: The above items may be maintained on a fiscal year basis if determined necessary by the group logistics NCO or squadron support flight commander.

6.5. Auditing Transportation Records:

6.5.1. The squadron TO audits the squadron's transportation records quarterly. The audit must be completed by the 15th day of the following month. (See [Figure 6.3](#) for a sample format of a summary audit report.) As a minimum, the TO:

6.5.1.1. Audits AF Forms 213 and blank accountable documents on hand to ensure GTRs received from the PDO or other source are on hand or properly issued to TAs.

6.5.1.2. Reviews copies of all GTRs issued to travelers by TAs for accuracy of entries, proper mode, and class of transportation.

6.5.1.3. Reviews AF Forms 1332 to ensure complete and accurate entries and proper use of bulk purchase procedures. Determines if copies of GTRs are properly submitted by TA and if appropriate DRAR numbers are annotated in the remarks column for applicants issued a GTR for travel to the MEPS.

6.5.1.4. Cross-checks records to determine if TAs have failed to submit copies of GTRs. Takes followup action if AF Form 1332 shows incomplete entries for excessive periods of time. Traces lost documents as soon as the loss is discovered.

6.5.1.5. Reviews AETC Forms 1336 to ensure entries are complete and accurate. Also, using the appropriate DRARs, takes random samples to ensure the applicants arrived at the MEPS.

6.5.1.6. Checks to ensure tickets identified as 120 days or older are monitored using an automated suspense system according to paragraphs [5.4.2](#) and [5.7.2](#).

6.5.1.7. During each audit, revises or validates the bulk purchase list for origins and routes.

6.5.1.8. Reviews the TA appointment memorandum for currency and updates as necessary.

6.5.1.9. Checks status of attempts to recover unused tickets.

6.5.1.10. Checks to ensure adequate training is being provided.

6.5.1.11. Checks to ensure required office visits are being made.

6.5.2. During the audit, the squadron TO carefully looks for (and corrects) the following discrepancies at all levels:

6.5.2.1. Transportation furnished for unauthorized purposes (see paragraph [4.6](#)).

6.5.2.2. Circuitous or convenience routing.

6.5.2.3. Use of bulk purchase transportation costing more than the maximum amount allowed.

6.5.2.4. Failure to use bulk purchase procedures.

6.5.2.5. Failure of agents to submit documents properly.

6.5.2.6. Loss of accountable documents.

6.5.2.7. Improper cost-charge travel.

6.5.3. The items listed in paragraphs [6.5.1](#) and [6.5.2](#) are minimum requirements. Other requirements and procedures may be developed locally. As a minimum, TAs will establish local procedures to record daily audits, including a detailed narrative of discrepancies discovered and specific actions taken to correct them.

6.5.4. Squadron TOs will document discrepancies discovered during the audit and provide copies to the appropriate TA for information and training. (Use the formats in [Figure 6.4.](#) and [Figure 6.5.](#) to document discrepancies found on GTRs and AETC Forms 1336, respectively.) Provide followup training when excessive or repeat discrepancies are evident.

6.5.5. After the audit is completed, the squadron TO will send an information copy of the summary audit report to both the squadron commander and superintendent. (See [Figure 6.3.](#) for format.)

6.6. Disposing of Transportation Records:

6.6.1. File records required by this instruction on a fiscal year basis. Treat copies of GTRs as a record for the year they were issued to the traveler, not for the year they were issued (blank) to the TA.

6.6.2. The squadron TO prepares a new AF Form 1332 on 1 October of each year. Enter all GTRs listed on the previous year's form that were issued to TAs (but have not been issued to travelers) on the new form, and annotate this on the previous year's form. TAs report the serial numbers of GTRs still on hand and not yet issued to travelers at the end of the fiscal year to the squadron TO. The appropriation number for all categories of travel changes at the beginning of each fiscal year. The squadron TO obtains the travel fund citation and specific guidance for fiscal year conversion from the appropriate office.

6.6.3. Disposition instructions for squadron transportation records (according to AFMAN 37-139, *Records Disposition Schedule*, Table 24-1, rule 8) are: destroy 2 years after completion of project or requested travel (AETC Form 1336, weekly sales reports, monthly bills, AETC Form 1338, and AETC Form 1337). According to AFMAN 37-139, Table 37-6, rule 5, destroy AF Form 213, 2 years after last serially numbered form in series has been issued or destroyed. (AF Forms 213 relating to bulk purchased carrier tickets will be destroyed upon receipt of the appropriate AETC Form 1336.)

6.7. (RSSL) Transportation Surveys. The squadron TO must ensure adequate commercial transportation is available to transport applicants from the recruiting office to the MEPS. Perform surveys to identify routes not adequately serviced by commercial carriers and document efforts made to obtain alternate transportation. Maintain transportation surveys on file and annually review and update the routes not adequately serviced.

CHAPTER 7

**CONTROL AND DISPOSITION OF US MILITARY ENLISTMENT
PROCESSING COMMAND (USMEPCOM) MEAL AND LODGING RECORDS****7.1. (RSSL) General:**

7.1.1. The MEPS is responsible for providing adequate contract meals and lodging to applicants and enlistees processing through the MEPS for enlistment into the armed forces. Each branch of service is responsible for notifying the MEPS of individuals who are scheduled for MEPS processing.

7.1.2. LNCOs and TOs should be aware of all provisions in the contract. Special attention should be paid to the types of service and charges; for example, are charges for meals itemized or a flat rate? When contract facilities (meals and lodging) are not adequate, the problem should be reported to the Intra-Recruiting Committee (IRC). The appropriate contracting office modifies the contract.

7.2. (RSSL) Preparation of USMEPCOM Forms 727 (series), and 728, Applicant Meal/Lodging Authorization and Receipt Voucher:

7.2.1. The LNCO initiates the USMEPCOM Form 727 series to identify individuals who are scheduled to report to the MEPS (see [Figure 7.1.](#) through [Figure 7.5.](#) and [Table 7.1.](#)). The LNCO also initiates the

USMEPCOM Form 727 series for holdovers, walk-ins, and add-ons. USMEPCOM Form 727 is a carbon set with the following titles:

- USMEPCOM Form 727 (copy 1), **Processing List (PL)** (see [Figure 7.1.](#) and [Table 7.1.](#)).
- USMEPCOM Form 727 (copy 2), **Lodging Authorization and Receipt Voucher** (see [Figure 7.2.](#)).
- USMEPCOM Form 727 (copy 3), **Supper Meal Authorization and Receipt Voucher** (see [Figure 7.3.](#)).
- USMEPCOM Form 727 (copy 4), **Breakfast Meal Authorization and Receipt Voucher** (see [Figure 7.4.](#)).
- USMEPCOM Form 727 (copy 5), **Dinner (Lunch) Meal Authorization and Receipt Voucher** (see [Figure 7.5.](#)).

7.2.2. The LNCO prepares this form daily and sends it to the MEPS at the time designated by the MEPS commander. Entries should be typed and names placed in alphabetical sequence.

7.2.3. Whenever the lodging facilities for males and females are under different contracts or when a MEPS provides in-house billeting for males, prepare separate USMEPCOM Forms 727 for males and females.

7.2.4. The contract facility annotates USMEPCOM Form 728 (see [Figure 7.6.](#)) for late arrivals who are not reflected on USMEPCOM Form 727. Before any services are provided, the contract facility obtains approval from the LNCO or designated representative.

7.3. (RSSL/RSO) MEPS Audit Procedures for Certification of USMEPCOM Invoice. The MEPS supervisor uses the following procedures to ensure an accurate and timely audit is performed:

7.3.1. On a daily basis, after the services have been received, the LNCO asks each applicant the question in the following paragraphs. The LNCO annotates each service received on USMEPCOM Form 727 (copy 1) above the applicant's name. (Use H for hotel, B for breakfast, L for lunch, and S for supper.) Then the LNCO transcribes the daily totals with the USMEPCOM Form 732E, **Record of Daily Contract Lodging-Meal Services**.

- Did you stay in the contract facility? If yes, how many were in the room?
- Did you sign for breakfast, lunch, and supper?
- How was the quality and quantity of food? (If charges for meals were itemized, what did you consume?)

7.3.2. On a weekly basis, the LNCO compares the totals on USMEPCOM Form 732E with those on USMEPCOM Form 727 (copies 2 through 5). If the totals do not agree, the LNCO verifies applicants' signatures on USMEPCOM 727 (copies 2 through 5) and compares them with applicants' responses on the USMEPCOM Form 727 (copy 1). The MEPS supervisor ensures applicants are not signing the USMEPCOM Form 727 (copies 2 through 5) before receiving services. If discrepancies cannot be resolved at the MEPS level, the MEPS supervisor notifies the appropriate squadron support flight commander for further action.

7.3.3. At the end of the monthly billing period, the MEPS supervisor verifies and certifies that the USMEPCOM Form 926E, **Invoice & Certificate of Performance for Meals & Lodging Services**, is correct (see [Figure 7.7](#)). If discrepancies cannot be resolved at the MEPS level, the MEPS supervisor contacts the appropriate squadron support flight commander for further guidance. The MEPS supervisor also ensures the fund citation is correct. When all differences have been resolved, the LNCO certifies the USMEPCOM Form 926E by signing below the certification statement. After certifying the USMEPCOM Form 926E, the LNCO sends one copy of the USMEPCOM Form 926E and the supporting USMEPCOM Form 732E to the squadron TO.

4.8.2.1. Contact squadron headquarters and request special orders be issued to the member according to AFI 33-328, *Administrative Orders*. After orders are issued, the squadron TO telephonically provides the TA with the special orders number, date issued, and fund citation. The TO sends one copy of the special orders to the TA no later than the following workday.

4.8.7.1. The TA contacts squadron headquarters and requests special orders be issued to the member according to AFI 33-328. Do not issue a GTR until the special orders are received. Advise members who will exceed their leave status while awaiting issuance of a GTR to request an extension of leave from their home unit.

4.8.8. For absentees or deserters, refer to AETCI 36-2002, *Recruiting Procedures for the Air Force*. Prior to issuing a cost-charge GTR, the recruiter advises the squadron TO of the requirement. The squadron TO telephones the AWOL individual's home unit to inform that the individual is in custody and to obtain disposition instructions. If the home unit commander determines the individual must be escorted back to the home installation, the TO turns the individual over to the local authorities pending arrival of the escort. Regardless of whether the individual is to be escorted or not, the TO issues the special orders to return the deserter or absentee. If the home unit is other than Air Force, the TO obtains the correct fund citation, issues special orders according to AFI 33-328, and telephones the TA to provide the special orders number, date issued, and fund citation. The TO sends one copy of the orders to the TA by the next workday.

4.15.3. Comply with all special instructions received from MTMC. Annotate GTRs as indicated in **Table 4.1.**, item numbers (4), (6), (7), and (13). Charter bus carriers furnish copies of a military charter coach certificate to the originating TO. Obtain instructions for preparing and disposing of this certificate from

DoD 4500.9-R, Part I, *Defense Transportation Regulation (Passenger Movement)*, Chapter 104; the support base TO; or HQ AETC/LGTT.
